John Ebbe vs. A. T. Peterson, action.

Bertie Sharp vs. Willis Sharp, suit.

A very enthusiastic Fair meeting was held at the Courthouse last Saturday evening and a committee was appointed to look up grounds. The committee has several sites in view. It has been ascertained that there will be no trouble in securing the same grounds as heretofore, then they will look into the proposition of purchasing the ball grounds and using them for a fair ground. A. T. Peterson has offered to donate a block in the north part of town to be used as a permanent fair grounds. Another meeting is called for tomorrow evening, at which time the committee will report and some definite action taken. Come out to the meeting and boost. Meeting is at the Courthouse at 7:30 p. m.

More complaints have been made by property owners on Hill street of boys defacing and soiling buildings and entrances. It seems unreasonable that we have boys living in Toledo who are capable of such work. If the practice is not stopped evidently some one is going to get into serious trouble. If the parent of the boy caught in the act has to pay a heavy fine for the boy it may cause him to be more concerned about his actions while on the street at night. Better take warning and stop this practice and save trouble, as the owners of the property are not going to put up with these misdemeanors longer.

A meeting of the Lincoln county Fire Patrol Association is being held at the Courthouse today.

J. E. Lelearn, colored, of Ed-dyville was tried in Justice Court here last evening charged with threatening to shoot Vance Cline, a neighbor. Mr. Lelearn was put under bonds to keep the peace.

The Ford is lighter than any other car of its size and power. Yet stronger, sturdier, longer lasting. Vanadium steel, that's why. Vanadium is the hardest, strongest, toughest steel made. It is the only steel that is hard and tough at the same time. It is the highest priced steel that is used in automobile construction. Yet the Ford is very low in price. Its quality, terms, price and small cost of operation and upkeep, less than two cents a mile, have made it the universal necessity in town and country.

Buyers will share in profits if we sell at retail 300,000 new Ford cars between August, 1914, and August, 1915.

Runabout, \$440; Touring Car, \$490; Town Car, \$690; Couplet, \$750; Sedan, \$975, f. o. b. Detroit with all equipment.
